LINEAR MEDIUM POWER LNR-ELECTRO

The Electro utilises the most efficient LEDs available today and is available in a broad range of lengths and colour temperatures. The Electro is designed to be as compact as possible while still achieving a completely uniform glowing diffuser.

Suitable for both indoor and outdoor applications, the Electro can be either surface mounted (using the discrete C-Clip) or suspended.

Available in 25W per metre, the Electro can be powder coated to suit, and is complemented by a highly robust polycarbonate diffuser for outdoor applications where vandal resistance is paramount.

## ELECTRO SUSPENDED

The Electro is extremely versatile luminaire suitable for both indoor and outdoor applications. The Electro can be surface mounted using Coolon's C-Clip and available in a suspended version.

## UNIFORM GLOW

The Electro is offered in various configurations as well as "Uniform Glow", a completely uniformly illuminated diffuser with no visible scalloping on the diffuser or the illuminated surface.

### LONG USEFUL OPERATING LIFE

Currently available specification from world's most reputable LED manufacturers states 50,000 hours of continuous operation at the rated current within the operating temperature range to 70% residual light output.

### VARIOUS CCT & COLOUR BINNING CONSISTENCY

Product is offered in various Colour Temperatures using tighter bins.

### 3 YEARS FULL /SOLID WARRANTY

Coolon Luminaires are covered by a solid comprehensive manufacturer's warranty that covers a range of possible defects and performance parameters throughout the duration of the warranty period.

### PROUDLY MADE IN AUSTRALIA
