

FREEZER HIGH BAY

INDUSTRIAL LED LUMINAIRE

APPLICATIONS

- Cold Storage Facilities
- Freezers

The Freezer High Bay Industrial LED luminaire features a long life span which eliminates the need for constant maintenance, offers the ability for instant restrike and has low heat output, making it an ideal solution for cold storage and freezer applications.

TECHNICAL SPECIFICATIONS

Luminaire

Luminous Flux	6000 - 15000lm
Power Consumption	240W Max
Recommended Power Supply (external)	24VDC 320W
Operating Voltage Range	22-32VDC
IP Rating	IP22
Power Factor	>0.90
Weight	9.5kg

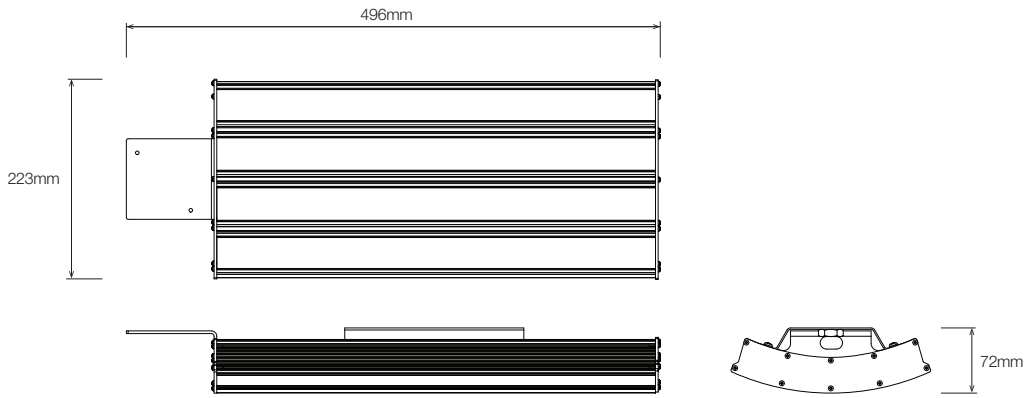

Light Module

Max. Operating Voltage	32
Min. Operating Voltage	22V
Body	Aluminium Alloy* (Marine Grade Black Anodised)

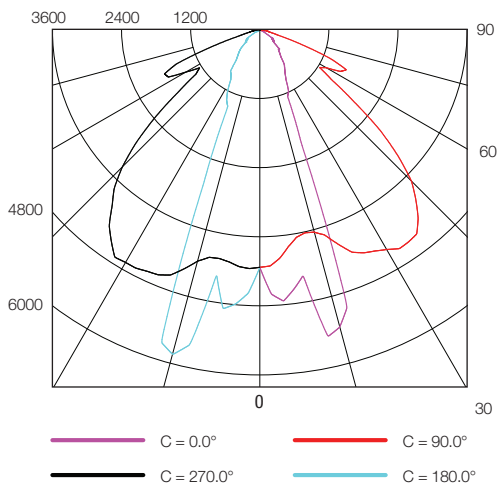

*Composition available on request
