

COOLON GECKO

40W/80W Linear LED Luminaire

BRILLIANT • CONNECTED

Smart LED linear light designed specifically for hazardous locations.

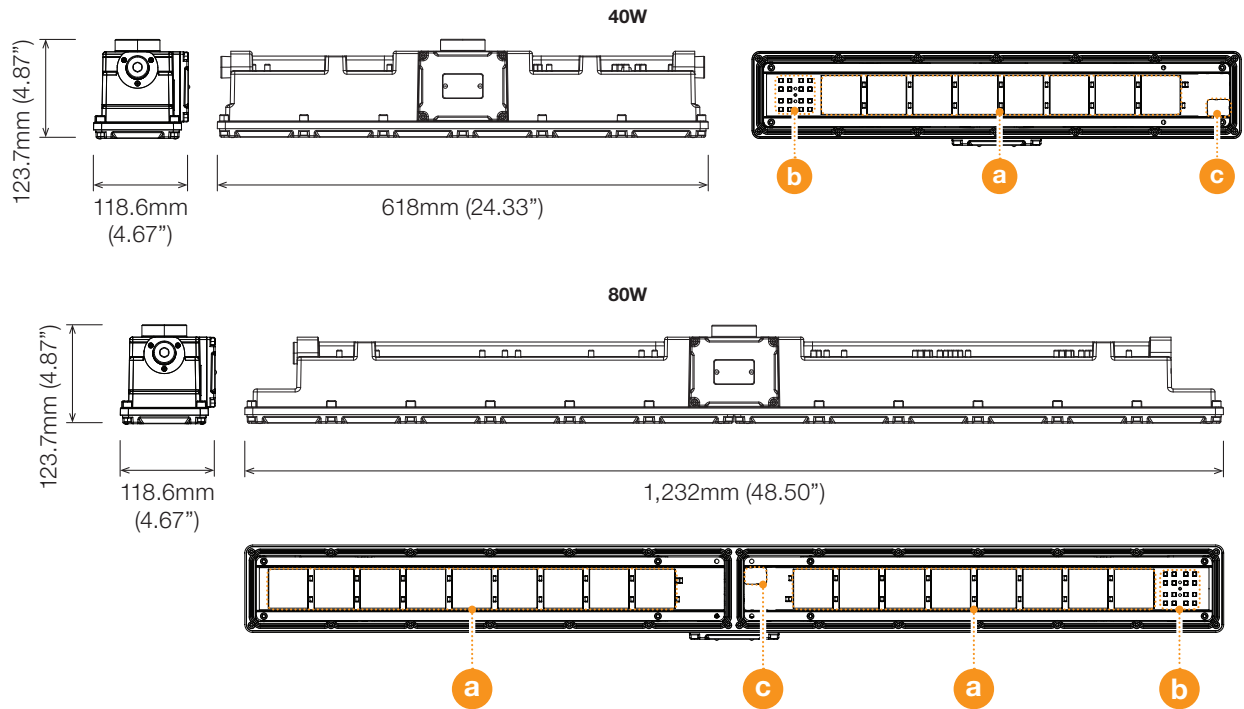

The GECKO Linear LED Luminaire is a smart connected linear light certified for use in hazardous locations (Zone 2/21/22 and CID2, CIID2 & CIII). Equipped with our Brilliant Connected Lights (BCL) wireless controller, the GECKO extends visibility beyond what can normally be seen to improve both site safety and productivity. GECKO autonomously meshes with other BCL enabled lights to form a wireless network allowing unparalleled control and improvement in situational awareness through the deployment of third-party IIoT devices and services.

Designed for use in:

- Foundries
- Manufacturing Facilities
- Mining
- Oil Refineries
- Petrochemical Facilities
- Power Generation Facilities
- Pulp and Paper Mills
- Treatment Facilities
- Waste and Sewer

NOTE: The weight of the Gecko fixture varies by model and mounting configuration. Gecko Short weighs between 3.4 – 3.6kg (7.3 – 8.2lbs), and Gecko Long weighs between 5.3 – 5.5kg (11.5 – 12.2lbs). Refer to the fixture nameplate for classification details, maximum ambient suitability, and operating temperature code (T-Code) depending on mounting arrangement.

MOUNTING OPTIONS

Gecko can be used in a variety of occasions and easily replace traditional fixtures with different bracket options. For detailed dimensions, please refer to the manual.

TECHNICAL SPECIFICATIONS

Product	Gecko Linear LED Luminaire	
Power	40W	80W
Luminous Flux ¹	5,800 – 6,500 lm	13,900 – 15,200 lm
Optical Characteristics		
CCT	CWT / AMB	
CRI	>70 excluding Amber	
Electrical Characteristics ¹		
Input Voltage	100 – 277VAC	
Frequency Range	50/60Hz	
Power Factor	>0.90 typical	
Surge Protection	6kV line-line, 10kV line-earth	
Occupancy Sensor		
Sensor	Microwave Radar Motion Sensor	
Detection range	Up to 6m (19.5ft)	
Lighting Control ²		
Dimming	15 – 100%	
Motion Detection Behaviour	Dimming level, reporting	
Visual Indicator	Color, Frequency	
Control Modes	Grouping, Scheduling	
Wireless Communication		
Protocol	Wirepas	
Operating Band	2.4 GHz, 40 Channels	
Range ³	Up to 50m (164ft) line of sight	
Data Encryption	AES-128	
Environmental		
IP Rating	IP66	
Impact Rating	IK08	
Operating Temperature Range	Refer to the Temperature Range & T-Code tables	
Expected Lifespan	L80 > 120,000 h @ T _a = 25°C	
Material Composition (Body)	Fiberglass Reinforced Polycarbonate	
Material Composition (Lens)	Clear Polycarbonate	
Weight/Packaging		
Weight with Ceiling Mount	3.5Kg (7.7lbs)	5.4kg (11.9lbs)
Weight with Trunnion Mount	3.6kg (7.9lbs)	5.5kg (12.1lbs)
Weight with Pipe Mount	3.6kg (7.9lbs)	5.5kg (12.1lbs)
Weight with Eyebolt Mount	3.5kg (7.7lbs)	5.4kg (11.9lbs)
Weight with Pendant Mount	3.4kg (7.5lbs)	5.3kg (11.7lbs)
Packaging Dimensions (with entry cable from top)	655 x 140 x 200mm	
Packaging Dimensions (with entry cable from side)	725 x 140 x 180mm	
Warranty		
Warranty	5 years warranty as standard

40W	-40°C to +55°C	T6	+80°C
80W			

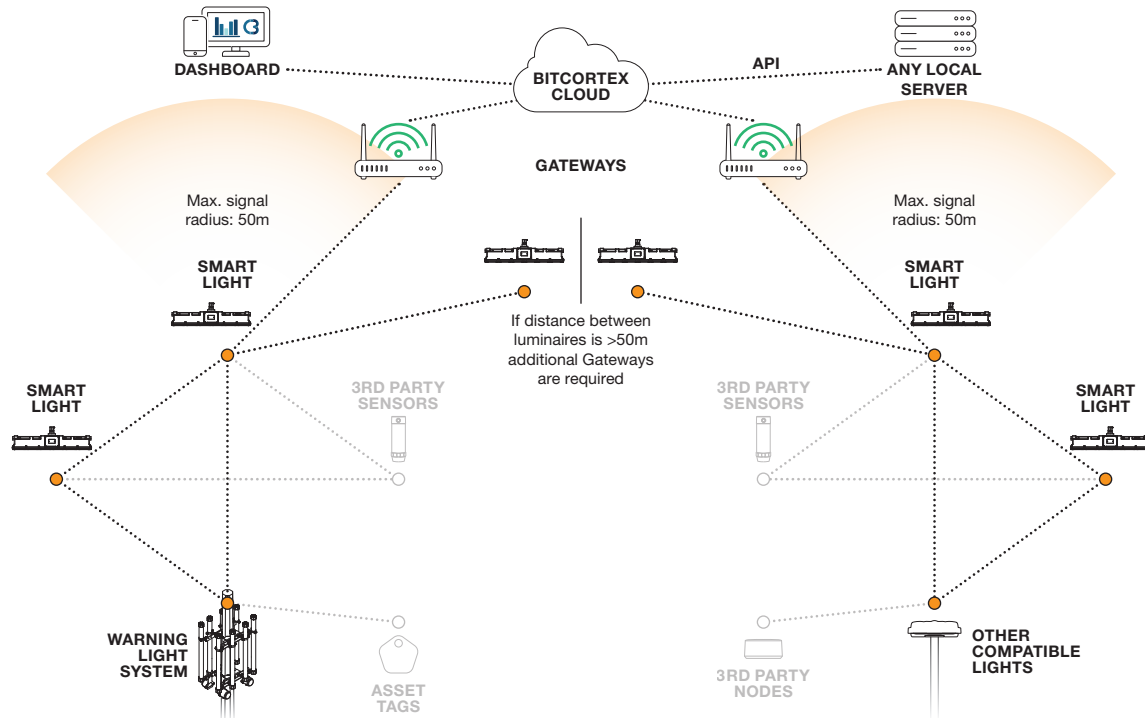

¹ Optical and electrical characteristics are measured using Cool White LEDs (CWT)

Reading taken while test unit operating in steady state. Ambient temperature during testing is typically 25°C. Individual unit behaviour may differ due to electronic component tolerance and ambient conditions. Product parameters and application suitability shall be checked by the user prior to commissioning.

² Lighting Control via BitCortex. Gateway is required.

³ The wireless range can vary significantly depending on elevation above the ground, the presence of metal obstacles, and environmental conditions. Wireless coverage can be optimized by increasing the number of devices forming the mesh network.

MESH NETWORK

A web based platform to manage and control smart wireless devices. Accessible anywhere through an internet connected browser.

As a matter of continual improvement, the requirements and recommendations in our manuals evolve to reflect new industry requirements and the latest feedback from the field. The Coolon team is working hard to ensure optimal product operation and the safety of all users, please check our website periodically to ensure you are up to date with the latest information. Product must be installed by a suitably qualified person. All documentation is subject to change without notice.
