WIRING

+ −

White (Positive)
Black (Negative)   12VDC IN

Steel Wire
Braided Cable
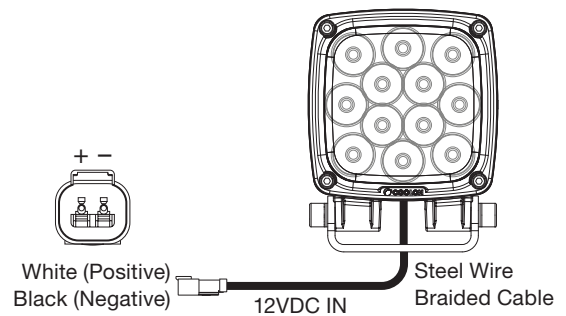

⚠ ATTENTION:

Unit must not be operated with the clip-on cover and optical face blocked or obstructed.

The clip-on cover and other optical surfaces are to be kept clean for optimal light output and to prevent damage to the integral optics and cover.

Replace the clip-on cover if it is damaged or cannot be cleaned. Damage to the fitting due to operation with an obstructed optical face will not be covered by warranty.
